

Bishopthorpe

Charitable Partners' Trust

The Bishopthorpe Charitable Partners' Trust is an exciting new grant-making charity, established to support the vision, work and mission of the Archbishop of York across the Northern Province of the Church of England.

It exists to enable the personal priorities of the current and future Archbishops of York to be realised within the 12 dioceses of the North of England.

The charity is led by a board of trustee members drawn from right across the Province and who oversee the day to day running of the charity. Each brings their local knowledge and considerable experience to bear on how best to support the Archbishop's ministry with Charitable Partners willing to offer their prayers, talents and financial resources to assist this important work.
